## **LOVE2BREW**

## **WEST COAST IPA (ALL-GRAIN)**

- 1 lb. Carapils

When you think of West Coast IPAs two things typically come to mind, big flavor and bitterness. Our IPA starts with a BIG aroma of a unique Pine and Grapefruit combination gained from the Simcoe/Cascade combination. Depending on your preference this beer may be very bitter or just the right amount as the IBUs are off the charts for this style of brew. The piney taste from the Simcoe dominates at first but the Centennial leaves hints of a citrus blend throughout your palate as you allow the beer to linger. An excellent brew for IPA lovers who want a great example of their favorite style.
